CREATIVE & DESIGN EXPERIENCE

Editorial and Shoot Director - Thread Magazine, Ithaca, NY

January 2025 – Present

- Write and edit feature articles for Thread's biannual print magazine covering art, culture, and fashion
- Direct editorial photoshoots in collaboration with cross-functional creative teams to advance the magazine's visual direction

Editorial Subteam Lead - Medium Design Collective, Ithaca, NY

September 2024 – Present

- Coordinate concept, execution, and production of a biannual print magazine from ideation through print
- Lead critiques and workshops to strengthen subteam members' written, visual, and design skills
- Design promotional materials, including stickers and postcards for semesterly exhibitions

Art & Design Lead - Beetbox Studios, Ithaca, NY

January 2026 – August 2026

- Led art and design for Phantom Beat-Breakers, a rhythm-action game released on Windows and macOS
- Produced in-game assets (animations, tiles, UI components) and branding materials, including posters, logos, and the game manual
- Managed task timelines for a team of designers, ensuring on-time delivery and a visually cohesive final product

ADMINISTRATIVE & TECHNICAL EXPERIENCE

Computer Lab Consultant - Cornell University, Ithaca, NY

September 2026 – Present

- Monitor computer lab operations and provide front-line technical support to student patrons
- Assist students with Microsoft Office software, primarily Excel
- Track lab usage data to identify trends and recommend operational improvements

BFA & Community Ambassador - AAP Ambassadors, Ithaca, NY

March 2025 – Present

- Lead tours for prospective and incoming students of the College of Architecture, Art, and Planning
- Plan and host social events and biweekly check-ins to support first-year students' transition to college life
- Correspond with prospective students and families to answer questions on admissions and the BFA program

Technical Assistant - BKF Engineers, Redwood City, CA

June 2025 – August 2025

- Inventoried and configured office, field, and remote-work equipment
- Supported the IT team with whole-office and individual workstation moves
- Performed data entry and employee information management, along with other clerical and technical tasks
